INFORMATION FOR THE PASSPORT RENEWAL SERVICE

All passport services require us to pre-book an appointment to attend on your behalf. Please note that we can attend the London office only. Appointment times are subject to availability at the Passport Office in London and cannot be guaranteed.

Processing time is 1 week on standard services or 1 business day on express service. Please note that the process begins at the Passport Office only once we have attended an appointment on your behalf.

For standard services, the Passport Office will mail your passport directly to the UK residential address noted on the application form & the return postage for this is included in our prices.

For express services, we will collect your new passport on your behalf at the appointment and return by your chosen method.

Renewals for children can only be applied on standard services.

To apply at the Passport Office, you must be currently in the UK. Those residing abroad, must apply for an Overseas British passport.

When your documents have been received, we will check that they are correct before contacting you (via the email address provided) to confirm receipt and provide your invoice. If you prefer to send your cheque or postal order with your documents, you can, however we request that no payment is made before we can check that everything is in order.

Payments can be made by PayPal, Bank Transfer, cheque or postal order. Please note that we do not begin to process your request until your payment has been made. All fees are per person.

When you receive the email to confirm when your documents have been received, it will contain your unique reference number. For all queries during your process, you must quote this reference number or we will not be able to provide information. This is to protect your security. We will only email with additional instruction or to confirm the return details for your passport. You must check your documents on receipt & advise immediately if there are any queries.

You will only receive email updates if there are any delays.
